Voter Instruction Letter (VIL)

Electors will receive a VIL the first week of October containing information on how and where to vote.
Keep your VIL as you will need this information to vote online or by phone.
Bring your VIL if voting in person on Election Day as it speeds up your voting experience.
If you do not receive a VIL, please contact the Returning Office at 902-893-0677 or 782-370-2954.

Three Ways to Vote Early

- Vote online, from anywhere, via the internet
- Vote by Telephone, from anywhere in North America, by dialing the Toll-Free number
- Vote at the Voter Kiosk if help is required to vote on-line

Voting by Internet

(takes less than 5 minutes)

- Visit the voting website – found in your VIL
- Enter your PIN from your VIL and date of birth
- Complete the Captcha challenge as shown on the screen.
- Follow the prompts to complete the voting process

Vote by Telephone

(takes about 5 minutes)

- Call the toll-free phone number – also found on your VIL
- Enter your PIN (Do Not Include Spaces) and date of birth
- Follow the audio prompts to vote (use the '#' to confirm your selections)
- Don't hang up until you get your confirmation code

If you don't complete all your voting, you can log back in, at any time during the election period, using the original PIN.
Once you have cast one of your ballots electronically, you can only vote in the remainder of the races using the phone or internet.

When you have voted for all races, the PIN cannot be used again to vote in the election.

If you have difficulty, please contact the Voter Help Line at 1-866-843-0790 or visit www.colchester.ca/elections
