

**MacElmon Road Utility Extensions
Debert, Nova Scotia**

1. Instruction to Tenderers .1 Note the inclusion of this addendum on the Tender Form (Section 00 41 43, Article 2.3)

2. Drawing C100 .1 Please note the following modifications to the design of the access road at Sta. 0+302:

The current design indicates a 10 m wide asphalt surface with 1 m wide gravel shoulders on each side. This has been revised to a 7 m wide gravel surface with 1 m wide gravel shoulders on each side, resulting in a total roadway width of 9 m (all gravel).

Note the only change to the access road cross section is the removal of the 150 mm asphalt layer. The gravel cross section will remain as shown in Detail 3 on Drawing C001, which consists of 200 mm of Type 1 and 500 mm of Type 2 gravel.

END OF ADDENDUM #1
